

Pastures

Assess, Diagnose, Decide, Do

Pura Pura -

CFA Shed
2164 Darlington-Carranballac Rd

Producers are invited to take part in a free, practical workshop series delivered by Lisa Miller and Jessie Wettenhall. This two-part workshop series is designed to improve producer's skills in assessment of pasture condition, help them confidently identify reasons for productivity decline and increase their knowledge of pasture manipulation and resowing strategies.

Part 1 – Pasture Assessment, Diagnosis & Manipulation Strategies, 21 May, 2026

Focuses on:

- Pasture Assessment using Pasture Paramedic
- Diagnosis of issues causing decline
- Manipulation strategies, soil & grazing
- Visit the Blomeley family farm
- Lunch & network

Part 2 – Resowing strategies, post sowing management TBA June, 2026

Focuses on:

- Resowing/Oversowing methods
- Pre and post weed & pest control strategies
- Pasture species selection for seasonal variability
- Farm Visit
- Lunch & network
